# STABILIZING SOLUTION

## Bonding & Priming Agent

### Description

*A clear, ready to use, water-based treatment for bonding and priming surfaces prior to painting and decorating. Suitable for interior and exterior use.*

### Uses

For use as a pre-treatment for surfaces which are old, weathered, chalky or porous. Suitable for use on most substrates including concrete, cement, plaster, plasterboard, renders, pebbledash and MDF, etc.

### Preparation

Ensure all surfaces are clean and free from any contaminants including loose and flaking material. Remove any mould or algae with MOULD & MILDEW WASH or MOSS-STOP! prior to application.

### Application

Do not dilute. Stir well and apply by brush, roller or airless spray. A second coat may be required on porous or powdery surfaces but allow 12 hours drying time between application of coats.

### Limitations

Do not apply **STABILIZING SOLUTION** when the temperature is below 5°C or when rain or frost is imminent. However, this product can be applied to damp substrates.

### Storage Conditions

Store in cool, dry conditions in a sealed container between 5 & 30°C and protect from freezing and direct sunlight.

### Shelf Life

Up to 12 months when stored according to manufacturers instructions.

### Coverage

6m<sup>2</sup> per litre, depending on porosity of substrate.

### Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

### Health & Safety

- ◆ Flammability - non-flammable.
- ◆ Avoid eye contact, wear eye and face protection. In the event of contact irrigate eyes immediately with plenty of cold, clean water for 15 minutes and seek medical attention. Could cause irritation.
- ◆ Avoid prolonged contact with skin. Wear wellington boots, protective clothing and gloves. Could cause irritation.
- ◆ Do not ingest. In the event of ingestion, do not induce vomiting, drink plenty of water and seek medical attention.
- ◆ Thoroughly wash hands with soap and water after use.
- ◆ Keep out of reach of children.
- ◆ Some people are more sensitive to chemical products than others. If irritation occurs discontinue use.
- ◆ See separate material safety data sheet for full handling, use and storage.

## Specification Summary

Flammability	Non Flammable
Solubility in water	Soluble
pH	Approximately 8-10
Appearance	White liquid

### Container Sizes

<b>Code:</b>	BDH130
<b>Size:</b>	5L
